

Leech therapy posters for trade fairs, conferences and medical practices

Together with the DGTHA, we have designed posters to help you present and explain leech therapy to patients and owners of animals at trade fairs and conferences as well as in your medical practice. The posters, available in both A0 and A1 format, cover core aspects of leech therapy in human and veterinarian medicine, including status in pharmaceutical law, indications, efficacy, safety, and specific localized application of the pharmaceutical product Medirud®Biebertal.

Poster A1 human medicine ²	€ 15.00
Poster A0 human medicine ²	€ 25.00
Poster A1 veterinarian medicine ²	€ 15.00
Poster A0 veterinarian medicine ²	€ 25.00

Our Quality Requirements

A core target of the Biebertaler Blutegelzucht is the realisation of high quality standards regarding breeding and cultivation of leeches as medicinal products as well as to keep the animals in as natural an environment as possible. The production processes adhere to the following quality directives:

- GMP: Good Manufacturing Practice (Quality standard of European pharmaceutical producers)
- DIN EN ISO 9001:2008

Pharmaceutical Enterprise:
Biebertaler Blutegelzucht GmbH

Manufacturing authorisation for ingredients of animal origin (leeches), human and veterinary medicinal products according to article 13 section 1 AMG (German Drug Law).

³ reduced price for advance payment

Leech Eye

A glass bowl (approx. 2.0 L) with a lens-shaped lid offers an impressive view of the leeches. This bowl should be filled to 3/4 with chlorine-free, low-calcium water. The bottom of the bowl should be covered with artificial stones and aquatic plants with especially strong rigid leaves. The bowl is a small, healthy habitat for approx. 4 leeches. For the viewer, it presents visual enjoyment: the swimming techniques and back markings can be well observed through the lens cover and the glass sides. This enchanting view into the glass bowl can serve to acquaint sensitive patients with these creatures and leech therapy. The leech bowl is easy to handle and is delivered together with detailed instructions for care and maintenance. Leech Eye including artificial stones, and aquatic plants (*Elodea canadensis*).

Leech Eye ²	€ 58.00
Packaging ²	€ 6.35
Shipping ²	(s. Leech Shipping Prices)

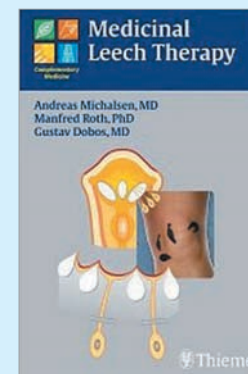

Leech Container

In cooperation with a pottery studio, we have designed a container specifically for leeches. It consists of a cobalt blue exterior pot, a perforated inner pot and a tight-fitting lid. The container is made of a special clay so that the leeches feel right at home. Contents approx. 3.5 L.

Leech Container ²	€ 95.00
Packaging ²	€ 6.35
Shipping ²	(s. Leech Shipping Prices)

No VAT will be charged if your tax registration number is given when ordering.

Reference Book on Medicinal Leech Therapy

(Editors: Prof. Andreas Michalsen, MD, Manfred Roth, PhD, Prof. Gustav Dobos, MD)

This reference book provides information on the basic principles, methodology and application areas of leech therapy. Emphasis is on indications documented by scientific studies.

You are certain to benefit from concrete instructions on how to perform leech therapy and you will be familiarised with the full range of possible applications as well as with the limitations of leech therapy. The evaluation of leech therapy applications for specific indications will be helpful when making decisions concerning therapy.

Contents

The History of Leech Therapy
The Biology of Leeches
The Technique of Leech Therapy
Indications for Leech Therapy
Leech Therapy in Rheumatic Disease
Leech Therapy in Plastic Surgery
Contraindications
Safety and Adverse Effects of Leech Therapy
The Scientific Basis of Leech Therapy
The Biochemistry of Leech Saliva
Bacterial Flora of the Medicinal Leech
Medicinal Leeches in Integrative Medicine
Legal Aspects of Leech Therapy in the EU and USA

Data Base for Therapists

On our home page, we provide a list of therapists which can be accessed also by patients. Administration of individual therapist data, including information on fields of application, can be done via internet by the therapists themselves. Listing of therapists is currently free of charge for our European clients.
