## SANPROCERT

Gesellschaft zur Zertifizierung von Managementsystemen  
im Gesundheitswesen mbH

In accordance with the Sanprocert certification procedure,  
the certification body Sanprocert certifies that the company

**Biebertaler Blutegelzucht GmbH**  
**Talweg 31**  
**35444 Biebertal, Germany**

has implemented and applied a quality management system  
for the following scope:

**Integrative breeding and farming of pharmaceutical leeches  
according to scientific standards; Production and marketing as a  
pharmaceutical product; Distribution of products for leech  
farming; Training for leech therapists (physicians, alternative  
practitioners) and chemists in basic and advanced seminars;  
Consultation on questions of treatment by external and  
cooperating physicians and alternative practitioners;  
Development and provision of information (specialist  
publications) on leech biology, leech therapy and active  
substances**

The audit, report number: 2015340  
certifies that the requirements specified in

**DIN EN ISO 9001:2008** have been fulfilled.

Certification valid until: Sep. 14 2018  
Initial certification on: Dec. 22 2009  
Certification registration number: 0333 86.9 2009618

Offenbach, Germany, 11.12.2015
